Encyclopedia of Vedic Astrology: Yogas Dec 01 2022 In Vedic astrology, the associations the planets form or variations of how they are placed in a horoscope are referred to as yogas. Yoga literally means union or that which adds, joins or yokes. Astrologically, Yoga refers to planetary combinations or configurations and their special results, which affect the life of an individual. In traditional Indian ephemeris, known as Panchang, Yoga is also a particular division of time, arrived at by adding longitudes of the Sun and the Moon at birth. These are 27 in number, starting from Viskumbha to Vaidhriti, each governed by a different

constellation or lunar-mansion, which are also 27 in number. In spiritual field, the word “Yoga” means training, taming and stimulating the body and mind with universal soul. In Ayurveda, the yoga of two or more medicines gives specific results. Yogas are one of the unique features of Vedic astrology. There are hundreds of yogas mentioned in various classical texts. Most of the yogas are formed of more than one planet, but all combinations do not mean a yoga formation. The idea behind these yogas is to equate the planets’ strength in a chart, and how & when they will produce their effects in a native’s life.

Nakshatras May 14 2021 This book is about philosophically decoding horoscope through the mythological stories of Nakshatras with a unique amalgamation of medical astrology and D60. It is a humble attempt to introduce the eternal wisdom of various Vedic ideas, including Atman, Paramatma, Karma and Dharma, from our sages. The author endeavors to explain cosmic energies in the universe but also show how the teachings of the Vedas can be used to lead a blissful life amid the present-day chaos, stress and confusion. The activation of Seven Human Chakras results in achieving everlasting, blissful life from the 'Cosmic energy' that enters the human body, located along our spine, and explains how this 'cosmic energy' in the form of 'spectrum colors light' of varying wavelengths resonate with each of the seven main Chakras of the human body. If Chakras are blocked or unbalanced, then it can lead to diseases and create obstacles

while realizing your dreams. It seems very unreasonable that one person enjoys good health and wealth and the other suffers. Yes, there are very strong karmic reasons for the disease and misfortune. Prarabdh is the allotted karma for this life, which we have carried forward from past lives in our body, mind, emotions and manifestations in the form of electromagnetic waves around us, which are the karmic particles of past lives. This book is a very easy and handy guide for everyone. Anyone can decode their horoscope by applying astrological principles with mythology. The intent of writing this book is not to claim to change someone's future but to help nurture and transform a native's future by doing karmic deeds so that they can sail through easily in their lives. This book is not about predictive astrology; it is about sharing the philosophy of life that one has to adapt to lead a sin-free life.

Bhrigu Samhita (Predictive Techniques Deciphered) Feb 08 2021 It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of Bhrigu Samhita, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. In deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on “Basic Astrology” and also brought about improvement and amplifications in certain parts of the analyses of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the

explanations more cogent in comprehend. This will also address the concern sown by the valued readers in some places of earlier narrations.

Jamakkol Prasanam Jul 16 2021 The Jamakkol prasanam is a distinguished technique of horary method of prediction. It is widely practiced in Tamilnadu and for the first time, this procedure is made available in English through this Book. By crossing this language barrier, the Jamakkol prasanam system offers a novel and simple method of astrological divination. This will benefit the astrological community residing in other parts of India and the world. This method is not alien to the conventional and traditional system of astrology. It encompasses all the rules, procedures and the practices of the Parasara system only. It differs in the approach with specific and special rules. The Jamakkol prasanam uses the three vital factors namely the Udhaya, the Aaruda and the Kavippu. These three fundamentals join the Jama planets and their interaction paves the way for the astrological predictions. This book teaches from the basis of the calculations involved in finding the Udhaya, the Aaruda and the Kavippu and also the procedure to fix the Jama planets. The Kaarakathuvas of the planets, the bhavas and the signs are important to arrive at exact results. So they are dealt exhaustively and exclusively. This will be helpful not only to the practitioners of the Jamakkol prasanam, but also to the astrologers in general. Case studies have been included to facilitate the easy comprehension of the Jamakkol system.

Horary for Beginners Oct 31 2022 This highly specialized astrological application is ancient. It deals with specific questions and methods of answering these questions based on

Tajik Yogas formed in the horoscope of that time at which the question was asked. The basis of the horary chart is the time when your question is put to the astrologer, and from this a map of the sky is erected. Personal details, such as your date, place and time of birth, are not needed and so, for those who do not have this information, horary provides a method of dealing with problems. Horary astrology has its own strict system. The position of and aspects to the moon are of prime importance. The person asking the question, or querent, is represented by the ruler of the first house in the horoscope formed at the time of question. Planetary aspects are considered more important than in other branches of astrology (although it is the planetary rulers of the houses in question that take precedent in analysis). Typically, a horary chart is read by first assigning the thing asked about, the quesited, to a particular house in the chart. For instance, asking "Where is my lost dog?" would be represented by the sixth house, as it is the house that governs small animals (traditionally, smaller than a goat). Whenever anyone who does not have his/her birth details approaches the Astrologer, in such case the astrologer makes his horary chart and answers his/her queries. Horary astrology is based on the notion that the question and intensity to find its answer arises in the mind as a result of the divine command and at that particular moment, the planetary locations in the cosmos remains favorable. Sometimes a native has the queries related to his/her relatives, friends or neighbors even without having their birth-details. Horary Astrology has the adequate and significant tools based on divine principles to answer even such questions. Horary Astrology has the ability to

answer any question whether it is regarding the lost articles, return of the person from abroad or any place, the time to get cure of a sick person etc. This book gives vivid knowledge of not only the basic tenets of Horary Astrology but also explains the related planets, signs and houses for a specific query related to a particular subject. This book has specially been designed for the students of All India Federation of Astrologers' Societies but the other students interested to know this subject can also get benefitted equally with the study of this book.

Prashnanushthana Paddhati Aug 17 2021

Prashnanushthana Paddhati or simply Anushthana Paddhati in short, is hugely popular work on horary astrology in Kerala since hundreds of years. The first part of the work mainly deals with the topics of longevity and diseases while the second part tackles other topics of day-to-day relevance of human existence. The other popular Jyotisha work from Kerala, Prashna Marga, draws heavily from Prashnanushthana Paddhati and follows its basic structure. Though many concepts of Prashnanushthana Paddhati are now available in Prashna Marga, it should be noted that several other Shlokas that are quite useful for effective prediction have been left out in Prashna Marga. This justifies

the present translation work and its serious study by students of Jyotisha. In fact, Prashnanushthana Paddhati, which is neither too brief nor too elaborate, is complete in itself. Its adherents swear on its amazing efficacy which is evident by its popularity in the astrologer community of Kerala. Some even consider Prashnanushthana Paddhati superior to Prashna Marga. This great classic text is now brought to the English reading Jyotisha enthusiasts for the first time through this book.

Medical Astrology Jun 02 2020 Medical astrology is a specialized branch of Vedic astrology. It is an extraordinary predictive and counseling tool. A horoscope indicates good, bad or indifferent traits and physical, emotional or spiritual characteristics of the native as per the Karmic flow. A chart is only the representation of one's Karmic implications in one's life through planetary influences. The medical astrology helps in understanding well in advance where the human chain is the weakest in the physical body and why. An astute astrologer will be able to diagnose disease and the diseased body part merely by analysis of the horoscope. He should be able to tell the susceptibility or the resistance which a native has for a particular disease. He may be able to tell the period of onset/ recovery from the disease and can also suggest the remedial measures to reduce its severity without any side effect. Once this is known, it will be easier for medicos to quickly arrive at the cause and place of diseased body part and the treatment to which the patient will respond. The diseases are generally indicated by the malefic influences of planets. Houses, signs and Nakshtras wherein the planets are placed indicate tendencies, susceptibility, resistance and potential of various ailments in the body. When these potential will manifest depends upon the dasha periods and transit of planets. The numbers of diseases which a native may have to encounter are numerous. However this

book touches upon 112 diseases with the help of 102 illustrative charts. The last (16th) chapter of this book is devoted to common astrological remedies with a new Karmic and practical point of view to propitiate evil planets causing ailments.
