Infinite Jest Aug 23 2019 A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

The Saffron Kitchen Oct 18 2021 In a powerful debut novel that moves between the crowded streets of London and the desolate mountains of Iran, Yasmin Crowther paints a stirring portrait of a family shaken by events from decades ago and worlds away. On a rainy day in London the dark secrets and troubled past of Maryam Mazar surface violently, with tragic consequences for her daughter, Sara, and her newly orphaned nephew. Maryam leaves her English husband and family and returns to the remote Iranian village where her story began. In a quest to piece their life back together, Sara follows her mother and finally learns the terrible price Maryam once had to pay for her freedom, and of the love she left behind. Set against the breathtaking beauty of two very different places, this stunning family drama transcends culture and is, at its core, a rich and haunting narrative about mothers and daughters.

And Tango Makes Three Feb 28 2020 The heartwarming true story of two penguins who create a nontraditional family. At the penguin house at the Central Park Zoo, two penguins named Roy and Silo were a little bit different from the others. But their desire for a family was the same. And with the help of a kindly zookeeper, Roy and Silo got the chance to welcome a baby penguin of their very own.

The Anti-Racist Writing Workshop Mar 11 2021 The Antiracist Writing Workshop is a call to create healthy, sustainable, and empowering artistic communities for a new millennium of writers. Inspired by June Jordan's 1995 Poetry for the People, here is a blueprint for a 21st-century workshop model that protects and platforms writers of color. Instead of earmarking dusty anthologies, imagine workshop participants Skyping with contemporary writers of difference. Instead of tolerating bigoted criticism, imagine workshop participants moderating their own feedback sessions. Instead of yielding to the red-penned judgement of instructors, imagine workshop participants citing their own text in dialogue. The Antiracist Writing Workshop is essential reading for anyone looking to revolutionize the old workshop model into an enlightened, democratic counterculture.

Anti-Bias Education for Young Children and Ourselves Dec 20 2021 Anti-bias education begins with you! Become a skilled anti-bias teacher with this practical guidance to confronting and eliminating barriers.

Beyond the Anti-Group Sep 28 2022 "Beyond the Anti-group: survival and transformation" builds on the success of Morris Nitsun's influential concept of the Anti-group, taking it into new domains of thought and practice in the current century. The concept focuses on anxiety and hostility within, towards and between groups, as well as the destructive potential of groups. In Beyond the Anti-group". Morris Nitsun continues his inquiry into the clinical implications of the anti-group but also explores the concept beyond the consulting room, in settings as wide-ranging as cultural and environmental stress in the 21st century, the fate of public health services and the themes of contemporary art. Groups are potentially destructive but also have the capacity for survival, creativity and transformation. Focusing on the interplay between the two, Morris Nitsun explores the struggle to overcome group impasse and dysfunction and to emerge stronger. By tracking this process in a range of cultural settings, the author weaves a rich tapestry in which group psychotherapy, organizational process and the arts come together in unexpected and novel ways. The author draws on group analysis and the Foulkesian tradition as his overall discipline but within a critical frame that questions the relevance of the approach in a changing world, highlighting new directions and opportunities. Readers of Beyond the Anti-group: Survival and Transformation will be stimulated by the depth, breadth and creativity of the author's analysis and by the excursion into new fields of inquiry. The book offers new impetus for psychotherapists, group analysts and group practitioners in general, students of group and organizational processes, and those working on the boundary between psychotherapy and the arts.

Be the Bridge Jan 21 2022 NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • "When it comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands."—Jen Hatmaker WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.

The First Anti-Coloring Book Aug 16 2021 The Anti-Coloring Book is designed as an antidote to traditional coloring books, offering children the chance to create their own images. [from back cover].

Beyond the Anti-Group Aug 28 2022 "Beyond the Anti-group: survival and transformation" builds on the success of Morris Nitsun's influential concept of the Anti-group, taking it into new domains of thought and practice in the current century. The concept focuses on anxiety and hostility within, towards and between groups, as well as the destructive potential of groups. In Beyond the Anti-group". Morris Nitsun continues his inquiry into the clinical implications of the anti-group but also explores the concept beyond the consulting room, in settings as wide-ranging as cultural and environmental stress in the 21st century, the fate of public health services and the themes of contemporary art. Groups are potentially destructive but also have the capacity for survival, creativity and transformation. Focusing on the interplay between the two, Morris Nitsun explores the struggle to overcome group impasse and dysfunction and to emerge stronger. The book offers new impetus for psychotherapists, group analysts and group practitioners in general, students of group and organizational processes, and those working on the boundary between psychotherapy and the arts.

Berlin Ghetto Jul 15 2021 Berlin Ghetto tells the story of a group of young people who had lives filled with intellectual exploration, intense friendships and romances - and dangerous, illegal political action against the Nazi regime. The roots of anti-fascism in the Communist, Socialist and Jewish youth movements of pre-Nazi working class Berlin are examined. The story of Herbert Baum and anti-fascism in the heart of Hitler's Reich is told through oral and written testimony of survivors, friends and relatives of group members, Nazi trial records and other primary documents of the period. In May of 1942, Baum and several others went into the massive anti-Soviet and anti-Semitic Nazi propaganda exhibition Das Sowjet-Paradies (Soviet Paradise) and set off several small explosive devices. A comrade of Baum's was interrogated by the Gestapo and under torture gave them a list of people associated with the Baum group. One by one, those on the list were arrested, put on trial and executed. Others were sent to concentration or death camps, whilst a few managed to survive underground. Berlin Ghetto is a testament to courage and youthful sacrifice, to Jewish (and non-Jewish) anti-fascist resistance in Nazi Germany.

The Anti-Group Nov 30 2022 The 'anti-group' is a major conceptual addition to the theory and practice of group psychotherapy. It comprises the negative, disruptive elements, which threaten to undermine and even destroy the group, but when contained, have the potential to mobilise the group's creative processes. Understanding the 'anti-group' gives therapists new perspectives on the nature of relationships and alternative strategies for managing destructive behaviour.

Irreversible Damage May 13 2021 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES "Irreversible Damage . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts." —Janice Turner, The Times of London Until just a few years ago, gender dysphoria—severe discomfort in one's biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as “transgender.” These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans “influencers.” Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and “gender-affirming” educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to “detransitioners”—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls' social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier's essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

The Anti-Group Jan 01 2023 The 'anti-group' is a major addition to the theory and practice of group psychotherapy and applied group work. It comprises the negative, disruptive elements, which threaten to undermine and even destroy the group, but when contained, have the potential to mobilise the group's creative processes. Understanding the 'anti-group' gives therapists new perspectives on the nature of group relationships and alternative strategies for managing destructive behaviour. With a new introduction written by the author, this Classic Edition of 'The Anti-Group: Destructive forces in the group and their creative potential', reassesses the theoretical base of group work, looking critically at the contribution made by S.H. Foulkes and comparing it to the work of Wilfred Bion. First published in 1996, Morris Nitsun takes a broader view of the subject, and places the 'anti-group' in the context of universal ambivalence about groups, which is evident in society at large. The 1996 edition has been widely read and is considered to be a historical and ideological breakthrough. With its timeless appeal, the Classic Edition will be essential reading for psychotherapists, particularly group analysts and group psychotherapists: group practitioners in general; organizational consultants; sociologists and social psychologists; academics and others in cultural studies and commentators on the link between psychotherapy and the arts.

Deadly Choices Apr 11 2021 A renowned researcher vigorously challenges the anti-vaccine movement in this powerful defense of science in the face of fear.

Anti-Diet Nov 26 2019 Reclaim your time, money, health, and happiness from our toxic diet culture with groundbreaking strategies from a registered dietitian, journalist, and host of the Food Psych podcast. 68 percent of Americans have dieted at some point in their lives. But upwards of 90% of people who intentionally lose weight gain it back within five years. And as many as 66% of people who embark on weight-loss efforts end up gaining more weight than they lost. If dieting is so clearly ineffective, why are we so obsessed with it? The culprit is diet culture, a system of beliefs that equates thinness to health and moral virtue, promotes weight loss as a means of attaining higher status, and demonizes certain ways of eating while elevating others. It's sexist, racist, and classist, yet this way of thinking about food and bodies is so embedded in the fabric of our society that it can be hard to recognize. It masquerades as health, wellness, and fitness, and for some, it is all-consuming. In *Anti-Diet*, Christy Harrison takes on diet culture and the multi-billion-dollar industries that profit from it, exposing all the ways it robs people of their time, money, health, and happiness. It will turn what you think you know about health and wellness upside down, as Harrison explores the history of diet culture, how it's infiltrated the health and wellness world, how to recognize it in all its sneaky forms, and how letting go of efforts to lose weight or eat "perfectly" actually helps to improve people's health—no matter their size. Drawing on scientific research, personal experience, and stories from patients and colleagues, *Anti-Diet* provides a radical alternative to diet culture, and helps readers reclaim their bodies, minds, and lives so they can focus on the things that truly matter.

The Absolutely True Diary of a Part-Time Indian Sep 16 2021 Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Uncle Tom's Cabin Jun 13 2021 The Little Story that Started the Civil War “Any mind that is capable of a real sorrow is capable of good.” ? Harriet Beecher Stowe, *Uncle Tom's Cabin* or *Life Among the Lowly*, is one of the most famous anti-slavery works of all time. Harriet Beecher Stowe's novel helped lay the foundation for the Civil War and was the best selling novel of the 19th century. While in recent years, the book's role in creating and reinforcing a number of stereotypes about African Americans, this novel's historical and literary impact should not be overlooked. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

Group Analysis: Working with Staff, Teams and Organizations Jan 27 2020 Featuring contributions from a range of organizational contexts, *Group Analysis: Working with Staff, Teams and Organizations* identifies the key features to group analytic practice as well as how different theoretical orientations, such as Systemic and Tavistock Consultancy approaches, can be incorporated into the process. The book addresses two essential features of group analysis: the exploration of unconscious dynamics in groups, and the shifts of observational attention between the group as a whole, the individual in the group, and the group in the individual. Including perspectives from both organizational consultancy and reflective practice, chapters feature analysis with groups and subgroups in a range of settings, including a forensic psychiatric hospital, a children's hospice, an Anglican religious community and the management team of a global organization. *Group Analysis: Working with Staff, Teams and Organizations* is a major contribution to the developing literature on group analysis. It will be of great interest to psychotherapists, organizational consultants, facilitators of reflective practice groups, coaches, trainees in these disciplines, and any professionals who work with staff, teams, and organizations.

Race Talk and the Conspiracy of Silence Oct 25 2019 Turn Uncomfortable Conversations into Meaningful Dialogue If you believe that talking about race is impolite, or that "colorblindness" is the preferred approach, you must read this book. *Race Talk and the Conspiracy of Silence* debunks the most pervasive myths using evidence, easy-to-understand examples, and practical tools. This significant work answers all your questions about discussing race by covering: Characteristics of typical, unproductive conversations on race Tacit and explicit social rules related to talking about racial issues Race-specific difficulties and

misconceptions regarding race talk Concrete advice for educators and parents on approaching race in a new way "His insistence on the need to press through resistance to have difficult conversations about race is a helpful corrective for a society that prefers to remain silent about these issues." —Christopher Wells, Vice President for Student Life at DePauw University "In a Canadian context, the work of Dr. Derald Wing Sue in *Race Talk: and the Conspiracy of Silence* is the type of material needed to engage a populace that is often described as 'Too Polite.' The accessible material lets individuals engage in difficult conversations about race and racism in ways that make the uncomfortable topics less threatening, resulting in a true 'dialogue' rather than a debate." —Darrell Bowden, M Ed. Education and Awareness Coordinator, Ryerson University "He offers those of us who work in the Diversity and Inclusion space practical tools for generating productive dialogues that transcend the limiting constraints of assumptions about race and identity." —Rania Sanford, Ed.D. Associate Chancellor for Strategic Affairs and Diversity, Stanford University "Sue's book is a must-read for any parent, teacher, professor, practitioner, trainer, and facilitator who seeks to learn, understand, and advance difficult dialogues about issues of race in classrooms, workplaces, and boardrooms. It is a book of empowerment for activists, allies, or advocates who want to be instruments of change and to help move America from silence and inaction to discussion, engagement, and action on issues of difference and diversity. Integrating real life examples of difficult dialogues that incorporate the range of human emotions, Sue provides a masterful illustration of the complexities of dialogues about race in America. More importantly, he provides a toolkit for those who seek to undertake the courageous journey of understanding and facilitating difficult conversations about race." —Menah Pratt-Clarke, JD, PhD, Associate Provost for Diversity, University of Illinois Urbana-Champaign

APHRO-ISM Jan 09 2021 In this lively, accessible, and provocative collection, Aph and Syl Ko provide new theoretical frameworks on race, advocacy for nonhuman animals, and feminism. Using popular culture as a point of reference for their critiques, the Ko sisters engage in groundbreaking analysis of the compartmentalized nature of contemporary social movements, present new ways of understanding interconnected oppressions, and offer conceptual ways of moving forward expressive of Afrofuturism and black veganism.

The Protocols of the Learned Elders of Zion Feb 07 2021 "The Protocols of the Elders of Zion" is almost certainly fiction, but its impact was not. Originating in Russia, it landed in the English-speaking world where it caused great consternation. Much is made of German anti-semitism, but there was fertile soil for "The Protocols" across Europe and even in America, thanks to Henry Ford and others.

The Anti-Group Oct 30 2022 The 'anti-group' is a major conceptual addition to the theory and practice of group psychotherapy. It comprises the negative, disruptive elements, which threaten to undermine and even destroy the group, but when contained, have the potential to mobilise the group's creative processes. Understanding the 'anti-group' gives therapists new perspectives on the nature of relationships and alternative strategies for managing destructive behaviour.

The Facilitator's Guide for White Affinity Groups Nov 18 2021 A first of its kind, accessible, in-depth resource for leading effective white racial affinity groups—an essential tool in anti-racism for building the skills and perspectives needed for white people to challenge racism. While there are a few short articles and guides addressing the challenges and complexities of leading white affinity groups, there has never been a detailed handbook exclusively for white racial affinity group facilitators. There are many challenges in facilitating these groups including the need to have a deep theoretical understanding of racism; a high degree of racial self-awareness; sensitivity to and the ability to work with the range of skills and degrees of awareness participants bring; and strong facilitation and conflict resolution skills. The Facilitator's Guide for White Affinity Groups is the first in-depth guide for educators, mediators, workplace consultants and trainers, workplace diversity groups, community organizers, conference organizers, members of faith communities, and members of racial and social justice groups. Dr. Robin DiAngelo and Amy Burtaine, who collectively bring over 20 years of experience leading anti-racist education and racial affinity groups present: · a theoretical framework for understanding racism; · a case for the value of racial affinity groups as a tool for challenging racism; · guidelines for setting up affinity groups in a variety of contexts; · the skills and perspectives needed for effective facilitation; · scenarios to illustrate common challenges; · a glossary of definitions; · exercises, discussion prompts, and assessment tools. · an extensive list of common patterns and group dynamics and how to address them Written accessibly for a wide range of readers and backgrounds, The Facilitator's Guide for White Affinity Groups will be an important reference for anyone committed to anti-racism work.

How to Be a (Young) Antiracist Feb 19 2022 The #1 New York Times bestseller that sparked international dialogue is now a book for young adults! Based on the adult bestseller by Ibram X. Kendi, and co-authored by bestselling author Nic Stone, *How to be a (Young) Antiracist* will serve as a guide for teens seeking a way forward in acknowledging, identifying, and dismantling racism and injustice. The New York Times bestseller *How to be an Antiracist* by Ibram X. Kendi is shaping the way a generation thinks about race and racism. *How to be a (Young) Antiracist* is a dynamic reframing of the concepts shared in the adult book, with young adulthood front and center. Aimed at readers 12 and up, and co-authored by award-winning children's book author Nic Stone, *How to be a (Young) Antiracist* empowers teen readers to help create a more just society. Antiracism is a journey--and now young adults will have a map to carve their own path. Kendi and Stone have revised this work to provide anecdotes and data that speaks directly to the experiences and concerns of younger readers, encouraging them to think critically and build a more equitable world in doing so.

Big Hunger May 25 2022 How to focus anti-hunger efforts not on charity but on the root causes of food insecurity, improving public health, and reducing income inequality. Food banks and food pantries have proliferated in response to an economic emergency. The loss of manufacturing jobs combined with the recession of the early 1980s and Reagan administration cutbacks in federal programs led to an explosion in the growth of food charity. This was meant to be a stopgap measure, but the jobs never came back, and the "emergency food system" became an industry. In *Big Hunger*, Andrew Fisher takes a critical look at the business of hunger and offers a new vision for the anti-hunger movement. From one perspective, anti-hunger leaders have been extraordinarily effective. Food charity is embedded in American civil society, and federal food programs have remained intact while other anti-poverty programs have been eliminated or slashed. But anti-hunger advocates are missing an essential element of the problem: economic inequality driven by low wages. Reliant on corporate donations of food and money, anti-hunger organizations have failed to hold business accountable for offshoring jobs, cutting benefits, exploiting workers and rural communities, and resisting wage increases. They have become part of a "hunger industrial complex" that seems as self-perpetuating as the more famous military-industrial complex. Fisher lays out a vision that encompasses a broader definition of hunger characterized by a focus on public health, economic justice, and economic democracy. He points to the work of numerous grassroots organizations that are leading the way in these fields as models for the rest of the anti-hunger sector. It is only through approaches like these that we can hope to end hunger, not just manage it.

Chemistry of the Proteids Dec 28 2019

The Group as an Object of Desire Aug 04 2020 In this original and ground-breaking book, Morris Nitsun argues that desire and sexuality are key components of human experience that have been marginalised in the group therapy literature

Brave Girl Jul 27 2022 An engagingly illustrated account of immigrant Clara Lemlich's pivotal role in the influential 1909 women laborer's strike describes how she worked grueling hours to acquire an education and support her family before organizing a massive walkout to protest the unfair working conditions in New York's garment district. 25,000 first printing.

Antifa Mar 23 2022 The National Bestseller "Focused and persuasive... Bray's book is many things: the first English-language transnational history of antifa, a how-to for would-be activists, and a record of advice from anti-Fascist organizers past and present."—THE NEW YORKER "Insurgent activist movements need spokesmen, intellectuals and apologists, and for the moment Mark Bray is filling in as all three... The book's most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for today is its justification for stifling speech and clobbering white supremacists."—Carlos Lozada, THE WASHINGTON POST "[Bray's] analysis is methodical, and clearly informed by both his historical training and 15 years of organizing, which included Occupy Wall Street... Antifa: The Anti-Fascist Handbook couldn't have emerged at a more opportune time. Bray's arguments are incisive and cohesive, and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment."—SAN FRANCISCO CHRONICLE In the wake of tragic events in Charlottesville, VA, and Donald Trump's initial refusal to denounce the white nationalists behind it all, the "antifa" opposition movement is suddenly appearing everywhere. But what is it, precisely? And where did it come from? As long as there has been fascism, there has been anti-fascism — also known as "antifa." Born out of resistance to Mussolini and Hitler in Europe during the 1920s and '30s, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be seen in news reports, often clad all in black with balaclavas covering their faces, demonstrating at the presidential inauguration, and on California college campuses protesting far-right speakers, and most recently, on the streets of Charlottesville, VA, protecting, among others, a group of ministers including Cornel West from neo-Nazi violence. (West would later

tell reporters, "The anti-fascists saved our lives.") Simply, antifa aims to deny fascists the opportunity to promote their oppressive politics, and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political adversaries is anti-democratic; antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again. In a smart and gripping investigation, historian and former Occupy Wall Street organizer Mark Bray provides a detailed survey of the full history of anti-fascism from its origins to the present day — the first transnational history of postwar anti-fascism in English. Based on interviews with anti-fascists from around the world, Antifa details the tactics of the movement and the philosophy behind it, offering insight into the growing but little-understood resistance fighting back against fascism in all its guises.

Blood Groups and Red Cell Antigens Apr 23 2022

Assimilate Jun 25 2022 "Industrial" is a descriptor that fans and critics have applied to a remarkable variety of music: the oildrum pounding of Einstürzende Neubauten, the processed electronic groans of Throbbing Gristle, the drumloop clatter of Skinny Puppy, and the synthpop songcraft of VNV Nation, to name just a few. But the stylistic breadth and subcultural longevity of industrial music suggests that the common ground here might not be any one particular sound, but instead a network of ideologies. This book traces industrial music's attitudes and practices from their earliest articulations--a hundred years ago--through the genre's mid-1970s formation and its development up to the present and beyond. Taking cues from radical intellectuals like Antonin Artaud, William S. Burroughs, and Guy Debord, industrial musicians sought to dismantle deep cultural assumptions so thoroughly normalized by media, government, and religion as to seem invisible. More extreme than punk, industrial music revolted against the very ideas of order and reason: it sought to strip away the brainwashing that was identity itself. It aspired to provoke, bewilder, and roar with independence. Of course, whether this revolution succeeded is another question... Assimilate is the first serious study published on industrial music. Through incisive discussions of musicians, audiences, marketers, cities, and songs, this book traces industrial values, methods, and goals across forty years of technological, political, and artistic change. A scholarly musicologist and a longtime industrial musician, S. Alexander Reed provides deep insight not only into the genre's history but also into its ambiguous relationship with symbols of totalitarianism and evil. Voicing frank criticism and affection alike, this book reveals the challenging and sometimes inspiring ways that industrial music both responds to and shapes the world. Assimilate is essential reading for anyone who has ever imagined limitless freedom, danced alone in the dark, or longed for more noise.

Is Everyone Really Equal? Mar 30 2020 This is the new edition of the award-winning guide to social justice education. Based on the authors' extensive experience in a range of settings in the United States and Canada, the book addresses the most common stumbling blocks to understanding social justice. This comprehensive resource includes new features such as a chapter on intersectionality and classism; discussion of contemporary activism (Black Lives Matter, Occupy, and Idle No More); material on White Settler societies and colonialism; pedagogical supports related to "common social patterns" and "vocabulary to practice using"; and extensive updates throughout. Accessible to students from high school through graduate school, *Is Everyone Really Equal?* is a detailed and engaging textbook and professional development resource presenting the key concepts in social justice education. The text includes many user-friendly features, examples, and vignettes to not just define but illustrate the concepts. "Sensoy and DiAngelo masterfully unpack complex concepts in a highly readable and engaging fashion for readers ranging from preservice through experienced classroom teachers. The authors treat readers as intelligent thinkers who are capable of deep reflection and ethical action. I love their comprehensive development of a critical social justice framework, and their blend of conversation, clarity, and research. I heartily recommend this book!" —Christine Sleeter, professor emerita, California State University Monterey Bay

Aging with Grace Nov 06 2020 Aging with Grace by the Power of the Gospel Whatever season of life you're in, God has equipped you to flourish—to live in the transforming power and beauty of his grace. As we age, we can easily lose sight of this message as cultural ideals glorifying youth take center stage. In this book, Sharon W. Betters and Susan Hunt offer present-day and biblical examples of women who rediscovered gospel-rooted joy later in their lives. Equipped with a biblical view of aging, *Aging with Grace* will help you encounter afresh the gospel that "is big enough, good enough, and powerful enough to make every season of life significant and glorious."

This Chair Rocks Oct 06 2020 "Wow. This book totally rocks. It arrived on a day when I was in deep confusion and sadness about my age. Everything about it, from my invisibility to my neck. Within four or five wise, passionate pages, I had found insight, illumination, and inspiration. I never use the word empower, but this book has empowered me." —Anne Lamott, New York Times bestselling author Author, activist, and TED speaker Ashton Applewhite has written a rousing manifesto calling for an end to discrimination and prejudice on the basis of age. In our youth obsessed culture, we're bombarded by media images and messages about the despairs and declines of our later years. Beauty and pharmaceutical companies work overtime to convince people to purchase products that will retain their youthful appearance and vitality. Wrinkles are embarrassing. Gray hair should be colored and bald heads covered with implants. Older minds and bodies are too frail to keep up with the pace of the modern working world and olders should just step aside for the new generation. Ashton Applewhite once held these beliefs too until she realized where this prejudice comes from and the damage it does. Lively, funny, and deeply researched, *This Chair Rocks* traces her journey from apprehensive boomer to pro-aging radical, and in the process debunks myth after myth about late life. Explaining the roots of ageism in history and how it divides and debases, Applewhite examines how ageist stereotypes cripple the way our brains and bodies function, looks at ageism in the workplace and the bedroom, exposes the cost of the all-American myth of independence, critiques the portrayal of elders as burdens to society, describes what an all-age-friendly world would look like, and offers a rousing call to action. It's time to create a world of age equality by making discrimination on the basis of age as unacceptable as any other kind of bias. Whether you're older or hoping to get there, this book will shake you by the shoulders, cheer you up, make you mad, and change the way you see the rest of your life. Age pride!

A Text-book of physiological chemistry Jun 01 2020
